

Interior Design

12-16 credits

The Interior Design Minor consists of four courses unique to the interior design curriculum and totaling 12-16 credits. The selection of courses offered for the minor will expand the knowledge of architecture and architectural studies students to better understand the special requirements of interior design.

For **B.S. in Architectural Studies** students who wish to minor in interior design the required courses include at least one interior design studio and three other interior design courses (= 4 courses). Students will complete 13-16 unique credits for the minor from the following list:

Required Courses

For **Bachelor of Architecture** students who wish to minor in interior design at least one interior design studio must be taken. If the BArch student takes an interior design studio* for the ARCH-401 Design 7 option of the BArch degree requirement then the four courses (12-16 cr.) taken for the interior design minor do not have to include an interior design studio. However, if the BArch student has not completed an interior design studio for the ARCH-401 Design 7 requirement then the student is required to take an interior design studio* as one of the four courses that count toward the minor. Select **four** from the list below that have not already been taken to count as ARCH-401 Design 7 for the BArch degree requirement (must complete a min. of 12 unique credits for the minor):
