

### ◆◆◆ WELCOME

Welcome to campus! Jefferson East Falls Dining Services knows that food is a priority for many college students. Here on campus we prepare meals that are fresh, made-from-scratch and cooked in small batches. Our programs are customized to the needs and wants of our students here on campus with a high focus on quality food and service.

### ◆◆◆ FALL DINING ON CAMPUS

This fall our number one priority is delivering an exceptional dining experience safely. Leveraging the direction of our food safety experts and remaining aligned with the CDC and local guidelines, we are carefully making every dining program change in the best interest for the health and safety of our guests and team members. Despite necessary modifications to our campus dining programs, all guests will still find delicious made-from-scratch food, rotating features that offer a wide variety of food choices, menu selections to accommodate special diets or allergies and friendly faces to serve everyone

While these changes may be temporary some, such as the addition of our mobile ordering platform, Transact Mobile will be here to stay, adding another enhanced offering to our dining program.
