

Book Chapters

- Hojat, M., Cohen, MJM. (2012). Perception of pain as related to empathy, sympathy, mirror neuron system, and the perception-action model. In M. Incayawar & K. Todd (Eds.). *Culture, brain, and analgesia* (pp. 375-385). Oxford, UK: Oxford University Press.
- Hojat, M., Veloski, J.J., Gonnella, J.S. (2012). Physician lifelong learning: Conceptualization, measurement, and correlates in full-time clinicians, academic clinicians, and medical students. In G.J. Neimeyer & J. Taylor (Eds.). *Continuing professional development and lifelong learning: Issues, impacts and outcomes* (pp.29-69). New York: Nova Science Publishers, Inc.
- Hojat, M., Veloski, J.J., & Gonnella, J.S. (2010). Physician lifelong learning: Conceptualization, measurement, and correlates in full-time clinicians and academic clinicians. In M. P. Caltone (Ed.). *Handbook of lifelong learning development* (pp.37-78). New York: Nova Science Publishers, Inc.
- Veloski, J., Hojat, M. (2006). Measuring specific elements of professionalism: Empathy, teamwork, and lifelong learning. In D.T. Stern (Ed.). *Measuring medical professionalism*. (pp. 117-145). Oxford: Oxford University Press.
- Hojat, M., & Mehryar, A.H. (2003). Marriage and the family in contemporary Iran. In J.J. Ponzetti, (Eds.), *The international encyclopedia of marriage and family relationships* (2nd Edition, Volume 2, pp. 948-952). New York: Macmillan.
- Hojat, M., Shapurian, R., Foroughi, D., Nayerahmadi, H., Farzaneh, M., Shafieyan, M., & Parsi, M. (2002). Divorce and Iranian immigrants' attitudes about gender roles and marriage. (In N.V. Benokraitis (Ed.), *Contemporary ethnic families in the United States*. (pp. 310-317). Upper Saddle River, NJ: Prentice Hall.)
- Gonnella, J.S., Hojat, M., Erdmann, J.B., & Veloski, J.J. (1998). The role of resident performance evaluation in board certification. (In E.L. Mancall, & P.G. Bashook (Eds.), *Evaluating residents for board certification*. (pp. 3-14). Evanston, IL: American Board of Medical Specialties.)
- Hojat, M., Samuel, S., & Thompson, T.L. (1995). Searching for the lost key under the light of biomedicine: A triangular biopsychosocial paradigm may cast additional light on medical education, research and patient care. (In S.K. Majumdar, L.M. Rosenfeld, D.B. Nash, & A.M. Audet (Eds.), *Medicine and health care into the twenty-first century*. (pp. 310-325). Philadelphia, PA: Pennsylvania Academy of Science.)
- Hojat, M., Gonnella, J.S., Veloski, J.J., & Erdmann, J.B. (1993). Is the glass half full or half empty? A reexamination of the associations between assessment measures during medical school and clinical competence after graduation. (In J.S. Gonnella, M. Hojat, J.B. Erdmann, & J.J. Veloski (Eds.), *Assessment measures in medical school, residency, and practice: The connections*. (pp. 137-152). New York: Springer.)
- Gonnella, J.S., Hojat, M., Erdmann, J.B., & Veloski, J.J. (1993). A case of mistaken identity: Signal and noise in connecting performance assessments before and after graduation from medical school. (In J.S. Gonnella, M. Hojat, J.B. Erdmann, & J.J. Veloski (Eds.), *Assessment measures in medical school, residency, and practice: The connections*. (pp. 17-34). New York: Springer.
- Gonnella, J.S., Hojat, M., Erdmann, J.B., & Veloski, J.J. (1993). What have we learned, and where do we go from here? (In J. S. Gonnella, M. Hojat, J.B. Erdmann, & J.J. Veloski (Eds.), *Assessment*

measures in medical school, residency, and practice: The connections. (pp. 155-173). New York: Springer.)

Hojat, M., & Vogel, W.H. (1989). Socioemotional bonding and neurobiochemistry. (In M. Hojat & R. Crandall (Eds.), *Loneliness: Theory, research, and applications.* (pp. 135-144). Newbury Park, CA: Sage.)

Hojat, M. (1989). A psychodynamic view of loneliness and mother-child relationships: A review of theoretical perspectives and empirical findings. In M. Hojat & R. Crandall (Eds.), *Loneliness: Theory, research, and applications.* (pp. 89-104). Newbury Park, CA: Sage.
